VICK'S EARLY SCARLET GLOBE RADISH

AS a forcing Radish Vick's Early Scarlet Globe has established a reputation as the leading sort—the best in every way. It is handsome in form and color—a beautiful oval, and rich scarlet. The amount of its foliage is small compared with other varieties, and small for the size of the Radish The peculiar merit of this variety as a forcing Radish is that it will bear the heat requisite for forcing without becoming pithy or spongy. The flesh is crisp, tender, juicy, and mild. It is equally as good for open garden culture as for forcing, and therefore it commends itself equally to the amateur and the market gardener. The dealer who sells this stock sells the best.

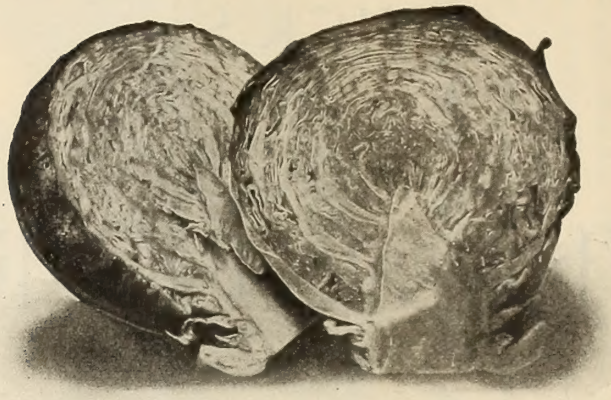
Vick's Improved
Danish Ballhead Cabbage



Of the many varieties of Cabbage introduced within the past few years none have attained a greater popularity, or given such general satisfaction as Vick's Improved Danish Ballhead. The fame of this particular strain has become world wide, and it stands without a peer. It commands a higher price in the market than any other variety. It is remarkable for the solidity of its head and long keeping qualities. The heads are of medium size, with few outer leaves, admitting of close planting; exceedingly fine-grained, hardiest of all, tender, crisp, solid, with no waste heart. Will average six pounds per head. Do not be deceived by substitutes. There is only one Improved Danish Ballhead Cabbage, and this we import direct from our original grower in Denmark.

Per Pound, ... $2.00

VICK'S
IDEAL CAULIFLOWER

This is unquestionably the leading variety for market and for private use. *For reliability of heading and size and solidity of heads*, it is superior to any other variety. It is sure to head, even under unfavorable circumstances, and will attain to enormous size under ordinary cultivation. The plants are very dwarf, and while the outer leaves are erect the inner ones lap over the heads so as to fully shade them from the sun, preserving them a beautiful snowy white.

TERMS.

To all regular customers, bills for seeds, bulbs, or plants, made before June 1st, will be due at that date, and those made after that time will be due 60 days after date of invoice. A discount of one per cent. per month will be allowed when payment is made previous to these dates. **Grass Seed, Clover Seed, Potatoes, and Onion Sets, invariably net cash.** Satisfactory reference required from all new or unknown correspondents desiring credit. All orders amounting to less than $5.00 must be accompanied by cash. We decline to send **C. O. D.** unless a partial remittance is made as guarantee of good faith. **We are not bound by these prices for any length of time. All quotations herein are subject to advance without notice.**

We send out no seeds on commission. All shipments F. O. B. Rochester.

Prices of Flower and Vegetable Seeds.

FIVE CENT PAPERS—Per 100, $2.00; per 1000, $18.00.
TEN CENT PAPERS—Per 100, $4.00; per 1000, $35.00.
FIFTEEN CENT PAPERS—Per 100, $6.00; per 1000, $50.00.
TWENTY CENT PAPERS—Per 100, $8.00; per 1000, $70.00.
TWENTY-FIVE CENT PAPERS—Per 100, $10.00; per 1000, $80.00.

Not less than 100 papers at the 100 rate, nor than 1000 papers at the 1000 rate. Dealers who prefer can make their own selection from our Retail Catalogue at the above rates, provided not less than 100 papers are ordered, nor less than five papers of a kind. Where less quantity is desired a discount of 50 per cent. from retail prices will be allowed.

All Novelties at packet prices are net, from which there are no discounts.

Ounce papers of Vegetable Seeds 40 per cent. discount from retail prices. Flower Seeds by the ounce and pound, and Vegetable Seeds by the pound, and bushel, are priced net in the body of this catalogue— ten pounds the minimum amount at the hundred rate; ¼ pound at the pound rate; ⅛ bushel at the bushel rate. Smaller quantities at a slight advance. No quantity of seed packed from bulk for less than ten cents. When smaller quantities are required use the five or ten cent papers, taking advantage of the discounts indicated above.

Boxes of Flower Seeds.

For the convenience of small dealers we put up boxes of seeds in papers, embracing those varieties most in demand, and in such proportions as our long experience has taught us are called for.

THE BOX OF FLOWER SEEDS contains $5.00 worth of retail papers; price to dealers $2.00; also, $10.00 worth for $4.00. As these boxes are filled early in the season, before the press of business begins, no changes can be made from the assortments we have put up.

SHIPPING.

Purchasers will please send explicit shipping instructions with each order. Where no such instructions are given we shall exercise our best judgment in the matter; but when goods have been so delivered at the freight or express station, in Rochester in first-class condition, addressed as ordered, we disclaim all responsibility for any accident damage or delay on the route. When goods are desired sent by mail, postage must be added at the rate of 8 cents per pound, otherwise we will deduct enough from the order to cover postage or add the postage to invoice as the case may require.

☞ Bags, boxes, and barrels will be charged at cost. No charge for cartage or packing.

James Vick's Sons give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any seeds, bulbs, or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned. *JAMES VICK'S SONS.*

Trade List for 1907

☞ *A Telegraphic Cipher is attached to each article, which will enable orders to be sent by wire at comparatively little expense. For example:*

Two Bacon means two bushels Extra Early Red Valentine Beans; or
Fifty Beget means fifty pounds Egyptian Blood Turnip Beet, etc.

This Telegraphic Cipher cancels all formerly printed.

Ten pounds or more will be charged at 100 pound rates; quantities of one pound and less than ten pounds at the pound price. For quantities of less than one-fourth pound a slight increase over the pound price is necessary. Bags at cost.

For some few articles, in larger lots than herein quoted, we will make special prices by mail or wire.

CORN—SWEET or SUGAR.

Sweet Corn, if exposed to a low temperature in transit, even after being thoroughly cured, will gather more or less moisture and sometimes spoil. To avoid this, the corn should be examined as soon as received and if necessary spread out in a dry place.

NITRO-CULTURE

Nitro-Culture consists of nitrogen-collecting Bacteria which work in the soil and on the roots of *leguminous* plants, having the power to collect free nitrogen from the air and supply it to the plants. All plants need nitrogen, which is very costly when obtained through chemical fertilizers. The remarkable increase of crop frequently reported and caused by inoculation is due wholly to the large amount of nitrogen collected from the air by the Bacteria.

The seeds mentioned below, treated with this preparation will yield bountiful results:

Alfalfa or Lucerne; Red, Yellow or Mammoth Clover; Alsike or White Clover; Crimson Clover; Burr Clover; Cow, Clay, Whip O-Will, Black Eye Peas; Garden Beans or Kidney; Soy Beans; Velvet Beans; Vetch; Peanuts; Field Peas.

Trial package, 50 cents.

1-Acre package, $1.50. 20-Acre package, $18.00.

5-Acre package, 5.00. 50-Acre package, 40.00.

Less 20 per cent. on Nitro-Culture to the trade.

FLOWER SEEDS

THE flower seeds we offer are grown largely upon our own farm; others we have grown for us on contract and under our personal supervision by the very best specialists both at home and abroad, and (which is of great importance) in climates and soils best adapted for each particular variety. The seeds used in mixtures are selected from flowers the *brightest in color* and *most perfect in form* and can be relied upon for purity and vitality. Therefore our seeds must not be classed with the cheap sorts picked up here and there, simply because they can be bought and sold cheap, and which are offered by unscrupulous dealers at ridiculous prices, making such seed dear at any price. A slight advance will be charged on quantities less than those quoted.

It is quite important that a mixture of Sweet Peas should be intelligently composed. This can only be accomplished by growers who are in a position to watch and care for the crop while in bloom, and when making selections see to it that the bright or telling colors predominate. We are confident our mixture will give universal satisfaction.

Tender Bulbs and Plants

VICK'S DAHLIAS

The small capital following the name of each variety designates the class to which it belongs, as follows: S; **Show,** round, ball-shaped flowers. D; **Decorative,** intermediate between Show and Cactus. C; **Cactus,** large loosely-formed flowers, with irregular twisted or reflexed petals. SN; **Single.** F; **Fancy,** striped, mottled, or tipped. P; **Pompon,** small ball-shaped flowers. Sometimes the letters are used in combination.

NEW, RARE, AND DESIRABLE VARIETIES

Each, 10 cents; dozen, $1.00; 100, $7.00.

NOTE. All our Dahlias are strong field-grown roots.

Arachne (FC), center of petal pure white, edged along entire length with bright crimson, variable in color; very striking.

Emily (S), varies from rosy lavender to white, suffused lavender; long stems, immense flowers.

Earl of Pembroke (C), bright reddish purple, deeper and more velvety toward the center; petals long, pointed, and regularly arranged.

Hero (S), tall-growing, free-blooming; stems long; flowers ball-shaped, and full to the center. Deep crimson-maroon.

J. H. Roach (C), light yellow; perfect form; long, incurved and twisted petals.

Lyndhurst (D), one of the best bright scarlets, brighter and clearer than the well-known Wm. Agnew; has large, perfectly-formed flowers, borne on long stems, making it valuable for cutting.

White Swan (S), pure white, full flower, borne in great profusion on long stems Especially fine for cutting. Flowers large and very uniform.

STANDARD VARIETIES

Each, 8 cents; dozen, 75 cents; 100, $6.00, except where noted.

Admiration (FS), red, tipped white.

Arabella (S), early; free-flowering; long stems; pale primrose, tipped and shaded rose and lavender.

Aster-flowered (S), beautiful salmon-pink; very fine.

Carol (S), pure white, delicately tinted soft pink. One of the finest. Each, 6 cents; dozen, 60 cents; per 100, $4.00.

Catherine (P), best pure light yellow; fine form; long stems. Each, 6 cents; dozen, dozen, 60 cents; per 100, $4.00.

Clifford W. Bruton (D), best of this class. Large canary yellow; tall, vigorous grower and free bloomer. Each, 6 cents, dozen, 60 cents, per 100, $4.00.

Elfin (P), a dainty little flower; pale primrose, changing to creamy white.

Ethel Vick (A. D. Livoni) (S), soft sea-shell pink; quilled petals; full to the center. Each, 6 cents; dozen, 60 cents; per 100, $4.00.

Iridescent (D), most beautiful of all when well grown. Orange red, overlaid and edged pure blue. Each, 7 cents; dozen, 70 cents; per 100, $5.00.

Miss Florence Shearer (S), clear, soft lilac, edged lighter; fine.

Nymphæa (the pink Water-Lily Dahlia.) (D), strong, robust grower; large, full flowers; light shrimp-pink, tinted lighter toward center.

Queen of the Yellows (S), beautiful clear yellow.

Ruth (S), pure white, sometimes tinged blush.

St. Catherine (C), true Cactus, with long spiral pointed petals, very large; deep yellow, shaded red. Each, 7 cents; dozen, 70 cents; per 100, $5.00.

DAHLIAS—Continued.

Snow Clad (P), white; free-flowering; the finest white pompon.
Sport (S), pure lavender; very fine; sport from Penelope.
Storm King (Blizzard) (S), finest pure white.
Startler (FS), dark purple-maroon, tipped white.
Teddy (P), white, tipped pink.

Zulu (The Black Dahlia) (D), jet-black, changing to black-maroon; fine. Each, 6 cents; dozen, 60 cents; per 100, $4.00.

VICK'S NAMED MIXTURE

Each, 6 cents; dozen, 50 cents; 100, $3.50.

In our work of selecting to keep our list of new and standard varieties fresh and up-to-date, we find it necessary to discard a large number of sorts which would otherwise be carried in stock. This mixture embraces nearly 100 varieties; so the purchaser need have no fear of duplicates.

SURPRISE DAHLIAS

Each, 5 cents; dozen, 35 cents; 100, $2.50.

A strain of Dahlias grown from seed. All classes are represented; single, semi-double, and double; cactus and decorative; show and fancy; in colors from pure reds, whites, and yellows, through all shades and tints to deepest purples and maroons; some delicately penciled; others broadly striped, flaked and mottled; while in many instances two flowers of an entirely different color will be found growing on the same plant.

Our roots are all strong field-grown, blooming tubers, and are sure to give satisfaction. Nothing cheap about them except the price. We could not afford to sell them at this low figure if we did not grow them on a large scale.

SPRAYERS

The Auto-Spray. Perfect in mechanism material, workmanship. Will do all that any spray pump will do and much more. Every machine warranted perfect and satisfactory or purchase price refunded. Eight to ten strokes of the plunger compresses enough air to spray ¼ acre of potatoes. A boy can do a man's work. No wasted material. Sprays fine as mist. Made in all brass, or with galvanized steel reservoir. Height, 2 feet. Diameter, 7 inches. Capacity, 4 gallons. Weight, empty, 7 pounds. Weight, loaded, 39 pounds. Shipping weight, 12 pounds. Utility considered, the brass machine is the cheaper, and we strongly commend it. Extension pipes are strong, and sustain themselves in use; they cost extra. The "Auto-Pop" is an automatic valve which is closed by the air pressure used to operate the "Auto-Spray." In operation a lever is moved by simply closing the hand, thus opening the valve and allowing an instantaneous discharge of spray. By releasing the lever it closes automatically, hence the spray is in perfect control. The "Anti-Choke" Nozzle (shown in illustration with "Auto-Pop") is made from solid brass rod, and consists of nozzle proper and two caps of different capacity. It offers every graduation of spray from a solid stream to a fog. It is made to fit other sprayers, where so ordered. By the operation of the "Auto-Pop" a degorger is passed through the nozzle-opening each time the "Auto-Pop" is closed. Hence it can never clog, and is the only nozzle which can't clog, notwithstanding the claims of competitors.

No. 1—Auto-Spray, brass tank, with stop-cock	$5 00
No. 1—Auto-Spray, brass tank, with Auto-Pop (recommended)	5 50

The Lightning Insect Exterminator. Tin cylinder, compressed air for liquid 85 cents.

The Lightning Whirling Sprayer, No. 15. (Patented.) This sprayer is best adapted for garden use, greenhouses, and house-plants. Also for washing windows, sprinkling clothes and floors. For killing insects on garden plants it has no equal. It throws a powerful spray, which is accomplished by squeezing the bulb shown in cut. The operator can produce a light or heavy spray at will, and can spray in any direction. It will spray from five to twenty-five feet high. It is durable, and there is nothing to get out of order. It is easy to operate and very useful in every household. Price 90 cts.; doz., $9.00.

THE "VICTORY" LAWN MOWER.

ITS SPECIAL FEATURES

Ball-Bearings of the very highest grade, exact to ¼ of 1-1000 of an inch which reduce the friction astonishingly, and render it possible to use much wider machines than heretofore. A 24-inch mower can now be operated as easily as the old paralleled-bearing mower only 16 inches wide.

A removable cutter-bar, which, by loosening four small screws, may be rolled out of the machine for sharpening, without disturbing the frame. A very valua b feature, found in no other make of mowers.

A solid rectangular frame, that cannot be jarred or twisted out of parallel.

Double steel ratchet, like lightning in action, like adamantine in hardness and durability. By using two pawls in each pinion, the chances of the pawls engaging he clutch part of the pinion are doubled, and the durability increased ten fold.

Triple gear entirely enclosed, so that dirt or cut grass cannot find their way into the pinions.

Prices: 16-in., $7.75; 18-in., $8.50; 20-in., $9.50; 22-in., $10.50; 24-in., $11.00

3/4 NATURAL SIZE

Vick's Violet King Aster

The Peer of the Grandest Chrysanthemum

The Habit of Vick's Violet King is similar to the popular Vick's Branching, vigorous in growth, with long stiff stems and luxuriant foliage of the richest green.

In Form the flower is distinct from any other variety; petals somewhat resemble the quilled varieties, but are much larger and broader; those in the center being fantastically twisted, curled, and incurved, completely covering the crown.

In Shape and Size the bloom is round, full and very large, many of the flowers measuring from four to five inches in diameter.

Its Color is a soft violet lilac.

To be appreciated this handsome Aster must be seen.

No Other Variety on our farm attracted more attention from florists, wholesale growers, and seedsmen this last summer Although offered for the first time last year it has proved an immensely popular variety, and it is with no little pleasure that we announce to the trade that we have a large crop of this seed, and are able to make the price much lower than is usually the case with new varieties.

Prices: Packet, 15c.; 1–16 oz., 30c.; 1/8 oz., 50c.; 1/4 oz., 75c.; 1/2 oz., $1.25; one oz., $2.00.

The Peerless Queen of Asters

VICK'S SNOWY-WHITE BRANCHING

This exceptionally fine class of Asters had its origin with us nearly fifteen years ago. On account of its many excellent qualities, which quickly made it the most popular of all Asters, there have appeared a number of imitations, most of which have long since been forgotten.

Many of the most reliable seedmen catalogue this variety under its true name as Vick's Branching, by which name it is as well known in Europe as America; but whether it appears under the name, "Smith's" or "Brown's" or "Jones'" there can be no doubt that ours is the original strain from which have come all others of any worth.

We have steadily improved our strain from year to year so that it is still our claim that there are no others to be compared with Vick's Branching.

This is a late flowering variety. Plants are extra large and of strong growth, and yield a profusion of flowers from the middle of August until heavy frosts. It is the best and most popular variety for wholesale flower markets and invariably brings better prices than other sorts. The flowers are of extraordinary size and stand erect on long, graceful stems. By far the most satisfactory Aster grown.

Several colors: White, Lavender Pink, Lavender, Rose, Crimson, Rosy Carmine (New this year), Purple, Dark Violet. **For prices see page 19.**
